

C.C. CLEAN Carburetor and Choke Cleaner is the modern quick way to clean and lubricate automatic chokes, PCV valves and systems, heat risers and carburetors. **C.C. CLEAN** rapidly cleans carburetors without removing them from the engine. Frees frozen or inoperative choke and carburetor linkages when frozen due to dirty parts. Cleans out PCV valves and hoses allowing system to operate properly. This product has been thoroughly tested to insure no adverse effects to oxygen sensor equipment.

DIRECTIONS FOR USE:

Carburetor: Remove air filter. Liberally spray inside and outside of carburetor. Spray all linkages and manually operate until free moving.

Choke Linkage: Spray both sides of choke butterfly. Manually operate until free moving.

PCV Systems: When installing a new PCV valve, remove hose from crankcase. While engine is running, spray carburetor cleaner into hose and allow carburetor to draw spray into hose and PCV valve. If necessary work valve manually until clean.

Heat Risers: A quick spray of carburetor cleaner will help free heat risers without leaving any residue.

SAFE ON OXYGEN SENSORS
REMOVES CARBON DEPOSITS
FREES AND CLEANS PCV VALVES

Product # 1018 Aerosol
Product # 5032 Bulk

For Professional Use Only

INGREDIENTS	CAS NUMBER
XYLENE	1330-20-7
PROPANE/ISOBUTANE	68476-85-7
METHYLENE CHLORIDE	75-09-2
METHANOL	67-56-1

Additional Information

C.C. CLEAN Carburetor and Choke Cleaner is a heavy duty product designed to out perform the many other carb cleaners on the market today. This sophisticated formula comes packaged in convenient aerosol cans as well as bulk packaging and contains no CFC's to harm the ozone layer. **C.C. CLEAN** removes grease, oil, carbon, soot and other build up from carburetors, chokes and engine parts. Use **C.C. CLEAN** by the gallon in parts washers or with a dip basket. The aerosol product features a heavy flushing action to blast away grease and carbon deposits with ease. **C.C. CLEAN's** powerful formula works fast and completely without the need to over use the product. This feature reduces the time spent servicing carburetors and chokes and drastically reduces the amount of chemical needed to do the job completely. The enhanced performance of **AIS** products saves the end user time and effort while at the same time getting the job done with less product both of which ultimately saves the customer money and has less impact on our environment.
