

KILZ-EM RESIDUAL is an effective formula for the control of virtually all crawling insects including roaches, ants and fleas.

DIRECTIONS FOR USE:

Remove cap, hold can upright, point valve opening away from person. Hold can about 12 inches from surface being sprayed. Press button to release spray. Spray surfaces until wet. Do not spray heavily on asphalt tile or linoleum as ingredients may be harmful to some such surfaces.

ROACHES, SILVERFISH, WATER BUGS, SPIDERS AND CRICKETS: Direct spray into cracks on baseboards, window and door trim, under cabinets, stoves, sinks, and around pipes. Spray surface until wet. Spray directly on crawling insects whenever possible. Repeat as necessary.

ANTS: Use above directions and also observe runaways; spray these thoroughly. Locate ant hills outdoors and spray opening thoroughly. Repeat as necessary.

CARPET BEETLES: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks and closets and infested areas of shelving. Repeat as necessary.

MOSQUITOES, FLIES, WASPS AND OTHER FLYING INSECTS: For outdoor use only as an aid in reducing annoyance from these insects. Spray on surfaces of screens, door and window frames, porches, light fixtures, garages and other places where these insects alight, congregate or wherever insects may enter room.

INGREDIENTS	CAS NUMBER
METHYL CHLOROFORM	71-55-6
AMYLACETATE	628-63-7
L.P.G.	68476-85-7
PETROLEUM DISTILLATES	8002-05-9

ACTIVE INGREDIENTS:	
0.0-Diethyl 0-(2-Isopropyl-6 methyl-4pyrimidinyl) phosphorothioate*	0.500%
Pyrethrins	0.052%
Piperonyl butoxide, technical (consists of 0.209% (Butylcarbityl) (6-propylpiperonyl) ether and 0.052% related compounds)	0.261%
Inert ingredients	99.187%
TOTAL	100.000%

*Known as Diazinon

Additional Information

KILZ-EM RESIDUAL is a unique insecticide that not only controls virtually all crawling pests but also has a pleasant cherry fragrance that will not cause alarm or unnecessary concern. This powerful formula is effective against roaches, ants and fleas, to name a few, and will actually allow them to carry the insecticide back to their nest where they will die in large numbers. **KILZ-EM RESIDUAL** is fast and easy to use and is authorized by USDA for use in federally inspected meat and poultry plants. To use, simply spray the jet stream into cracks and crevices where the pests live or travel, indoors around baseboards and cabinets, outdoors around doors, windows, foundations, fences, landscaping, trash areas, storage rooms, etc. **KILZ-EM** has a 30 day residual to keep unwanted insects away for an extended period of time. **KILZ-EM** is EPA registered and features an easy to read label that provides complete directions and precautions for the safe use and storage of the product.
