SILI-DRY
Dry Silicone Spray Food Grade

SILI-DRY Dry Silicone Spray Food Grade is designed to lubricate equipment used in the packaging and processing industry. Leaves a non-staining dry pure silicone film to lubricate moving parts, reducing friction and wear. Product is heat stable from -450 degrees F to 450 degrees F. Safe on all plastics. Contains no methylene chloride. Won't melt, freeze, gum or become rancid.

DIRECTIONS FOR USE:
Read cautions and directions carefully before use. Area to be lubricated should be clean and dry. Shake well before use. Hold can 6-8 inches from surface. Spray in short bursts. Spray no more than required to lubricate surface. Do not spray electrical equipment while in use. Wait 5-10 minutes before operation electrical equipment after using. Spray is dry do not expect a liquid. Use as directed, it will not harm most surfaces.

ADDITIONAL INFORMATION

SILI-DRY Dry Silicone Spray Food Grade is a unique product that features the load carrying ability and high temperature normally associated with moly based lubricants, conveniently packaged in an aerosol spray can. Dry to the touch after application and evaporation, the fine particles have excellent adhesion while providing superior lubricating properties. **SILI-DRY** is a clean, dry lubricant and an ideal release agent for seals and gaskets on tank closures. Lubricates all sliding surfaces except those you wish to paint; excellent on RV slide outs. **SILI-DRY** may be used on sticking metal, wood, rubber and plastic. Apply **SILI-DRY** to cutting tables, conveyors, heat sealing equipment and slicing equipment. Waterproofs leather, canvas, rubber and chrome surfaces. **SILI-DRY** will not attract dust or dirt, will not dissipate or evaporate. Contact your local **AIS** representative for a demonstration of the effectiveness of **SILI-DRY**.
