

SQUEEGEE

Window Washing Concentrate

SQUEEGEE is a remarkable window cleaner specifically designed for scrub and squeegee type applications. **SQUEEGEE** is formulated to easily remove bugs, dirt and road film and allow the squeegee to glide over the glass leaving windows sparkling clean with no streaks. This highly concentrated product is ideal for use at service stations, auto detailing shops, motor pools, trucking companies, public transportation authorities and window cleaning contractors. Safe on vehicle finishes and safe to use. This product is not flammable.

DIRECTIONS FOR USE:

Mix 4 ounces of concentrate to each gallon of clean water. Apply with window brush or sponge, scrubbing as needed. Squeegee to dry. Leaves windows clean and sparkling.

Additional Information

SQUEEGEE is a highly concentrated window cleaning detergent. This unique formula has been specifically designed for scrub and squeegee type window and glass cleaning. This fast method of window cleaning is preferred by all professional window cleaners as well as auto detailers, fleet maintenance, transportation authorities and housekeeping departments. **SQUEEGEE** cleans a wider variety of soils faster and easier than conventional glass cleaning solutions while allowing the squeegee to glide over the window leaving the surface sparkling clean and streak-free. For any service person responsible for cleaning large mirrors or window panes **SQUEEGEE** is certainly the best possible product. Another popular application for **SQUEEGEE** is for gas station window cleaning stations. **SQUEEGEE** does not contain any flammable ingredients (like alcohol) or ammonia which makes use and storage safer and easier in many situations. This product is ideal for use with AIS's *Mixing Station System* for consistent dilution and maximum savings. Contact your local **AIS** representative for more information on **SQUEEGEE**.

CONSULT LABEL AND MSDS BEFORE USING.
