

RUFF BE GONE

INDUSTRIAL HAND AND BODY LOTION
EXTRA DRY SKIN TREATMENT

PRODUCT#:7153

FOR PROFESSIONAL USE ONLY.

RUFF BE GONE

RUFF BE GONE is a highly emollient mineral oil free, skin care lotion designed to be used in industrial settings, where rough dry skin is a common occurrence during the working day. RUFF BE GONE works by supplying moisture, and providing vital emollients to nourish rough and flaky skin. RUFF BE GONE can be used as a hand or body lotion.

Now you can do more than just heal dry, rough skin. You can actually help prevent it from coming back. This unique formula provides advanced therapy even on problem areas like rough hands, heels, and elbows.

RUFF BE GONE is designed to supply moisture and re-hydrate skin cells, nourish rough, dry and flaky skin. RUFF BE GONE is formulated without the use of mineral oil- a petroleum based emollient which can actually dry out the skin. The moisturizers in RUFF BE GONE are derived from inert dimethicones and plant extracts of shea butter, seaweed extract and aloe.

We at AIS are doing our share as a responsible company to help keep our natural resources and environment clear and clean. We are pleased to introduce our new line of earth friendly, biologically degradable products that meet and exceed our usual high standards of excellence and performance while still meeting your requirements as the end user.
